How to open a ZIP file

W

Windows
Right-click the ZIP and choose Extract All, then open the new folder.

M

Mac
Double-click the ZIP. A folder with the files appears next to it.

i

iPhone / iPad
Open the ZIP in the Files app and tap it to unzip.

A

Android
Open it in the Files app (Files by Google) and tap Extract.

Printing tips

- Print on A4 at 100% (actual size) so answer spaces are the right size.
- Print the test and the answers separately – keep the answers until after marking.
